6	1" TEES	\$0.20	\$ 1.20
	<b>TOTAL</b>	Approx.	<b>\$994.00</b>

\*We prefer to build raised beds with the 2x8 cedar because it lasts for many years. We still have the original beds that were built more than 4 years ago using cedar. The materials listed above will be enough to build an additional 700 square feet of quality, raised planting space.
